

BYOD – VENDOR PORTAL – HP & Dell

- Below you will find links to the BYOD portals of the two vendors who have partnered with Helensvale for many years in our BYOD program.
- Whilst it is not mandatory, we **STRONGLY ENCOURAGE** purchasing your child's laptop from one of these vendors, as:
 - These vendors have for many years manufactured robust laptops for the education environment.
 - It takes the stress out of finding the right laptop to meeting the minimum requirements and network compatibility of the school.
 - It eliminates sales pressure.
 - Every laptop on each site includes 3 years onsite warranty as well as 3 years accidental damage protection insurance (ADP) in their pricing.
 - Any warranty, accidental damage or non-warranty repairs can be logged and processed by HSHS school techs, and conducted by vendors on the school site, thus taking the hassle out of purchaser/vendor communication, delivery and pickup.
- Upon entry to each site, you will note that both vendors have categorised their laptop products as **basic**, **standard** and **premium** (or words to that effect).
- Every laptop meets the minimum standards required by Helensvale SHS.
- Typically, unless a student is studying senior subjects such as: Graphic, Film & TV or Cert III Media, they would not require a premium model.
- Note the website entry points of each vendor in the 2nd column and other relevant information in the final column.

MAKE OF LAPTOP	RESELLER & ONLINE SHOPPING SITE DETAILS	NAVIGATION ADVICE or OTHER INFORMATION
HP 	WEBSITE: http://hpshopping.com.au/helensvalebyod (no access code or password required) 5% discount until January 2021, code helen5%.
